Profile

- ◆ Highly numerate, first class graduate
- ◆ Diplomatic team player
- ◆ Fast learner, determined problem solver
- ◆ Strong working knowledge of XHTML, CSS, Tex & Matlab

Education

2007 to 2010

Exeter University

Bachelor of Science with Honours in Mathematics Class I

I took a specific interest in mathematical programming techniques applied to the fields of systems control and combinatorics, where I showed an aptitude for Matlab programming. Outside of mathematics I chose two elective modules in computing.

2000 - 2007

Drayton Manor High School W7

'A' Level : 3

Maths - A, Politics – B, Geography – C
3 'AS' levels ACC.

2007

GCSEs : 10

Grades A* - B including English, Spanish and Mathematics.

2005

Employment

July- September 2008 & 2009

Kayaking Coach, Brentford FC Community Sports Trust

Playing an important role in the development of BFCCST's kayaking programme, with responsibility for developing operating procedure documents and keeping an equipment inventory. Coaching primarily young people, but also adults of a range of abilities.

July- September 2007

Temporary Chartist, Harris Interactive

Working primarily for one of the company's key clients on a multi-million pound contract. Working with Microsoft Office Packages to present research findings in clear and accessible documents delivered to the client.

Voluntary Experience

April 2008- April 2010

Club Secretary & Webmaster, Exeter University Canoe Club

Co-organising a new student charity competition for which my responsibilities included liaising with sponsors, establishing an on-line presence and co-ordinating volunteers on the night. Other aspects of the role included redesigning the club website to use a CMS system, organising meetings and taking minutes.
